

# WALLPAPER & BORDURE ADHESIVE

## 1 – DESCRIPTION

**Wallpaper & Bordure Adhesive** is a cellulosic polymer based, water soluble powder used in sticking of cellulose based paper materials.

## 2 – PROPERTIES

- Easy to apply.
- Allows time for positioning.
- Makes future removal quick and easy.
- Dissolves in water with ease.
- Can be cleaned with a sponge and water

## 3 - APPLICATIONS

Sticking wallpapers, pre-pasted borders, posters, placards etc.

## 4 - INSTRUCTIONS

Add the adhesive slowly, in preferably warm, water in accordance with the figures shown below. Stir the mixture and allow the adhesive dissolve in the water. Make sure that substrates are clean, dry and smooth. Roll the mixture to the back of wallpapers.

## 5- PACKAGING

Product	Volume	Package
Wallpaper & Bordure Adhesive	125 gr.	144
Wallpaper & Bordure Adhesive	200 gr.	60
Wallpaper & Bordure Adhesive	500 gr.	24
Wallpaper & Bordure Adhesive	1000 gr.	12

## 6- STORAGE AND SHELF LIFE

24 months in unopened cartridge if stored under dry and cool conditions

## 7- SAFETY

- Storage over 25 °C and below 5 °C shortens shelf-life.
- Partially used cartridges can be reused easily by changing the static mixer.

**8- TECHNICAL PROPERTIES**

<b>Basis</b>	: Carboxymethyl cellulose	
<b>Appearance</b>	: Powder	
<b>Colour</b>	: White to creamy	
<b>Viscosity</b>	: 150 - 300 Cp	cps at 20°C (Spindle No 4, 12 rpm)
<b>Temperature Resistance</b>	: -20°C to +70 °C	
<b>Application Temperature</b>	: +5 °C to +35 °C	

**Application Ratios****200g for packages**

<b>Paper type</b>	<b>The amount of water</b>	<b>Surface</b>
Thin	6.5 Liter	20-25 m <sup>2</sup>
Embossed	5 Liter	15-20 m <sup>2</sup>
Vinly	3.6 Liter	13-18 m <sup>2</sup>

**500g for packages**

<b>Paper type</b>	<b>The amount of water</b>	<b>Surface</b>
Thin	12 Liter	40 m <sup>2</sup>
Embossed	10 Liter	33 m <sup>2</sup>
Vinly	8 Liter	27 m <sup>2</sup>
